

NOTICE TO PORT USERS AND TENANTS

USE OF FORK LIFT TRUCKS ON PORT ROADS.

May I please take this opportunity to remind all port users that the practice of transporting loads on fork lift trucks on the main port roads is not permitted by ABP. It is expected that any transportation is done either by suitable road vehicle or side loader and that all loads are safe and secure. Should ABP observe anyone transgressing these requirements, they will be issued with an H&S non-compliance, in line with our Transport Policy. A copy of this policy can be found using the following link:

Thank you for your co-operation in this matter.

Sean Sullivan, Head of Safety, South Wales.
