

**NOTICE TO PORT USERS**

**NO 9 OF 2016**

**Conduct Of Tanker Drivers At Vessel Berths**

Following a recent incident we would like to take this opportunity to remind those people organising tankers/bunkers visiting vessels to please ensure that drivers are instructed to remain in their cabs and use their vehicle horn to get the attention of the berth operator.

Do not get out of your vehicle and walk around the berth until your presence has been recognised and you have been instructed that it is safe to do so. Your co-operation is appreciated.

**Head of Safety and Environment**
